Mobile Treatment Program	707	169	2,116	1%	780	192	2,232	1%	797	180	2,266	1%
Acute Rehabilitation Hospitals	54	111	2,157	1%	46	104	2,143	1%	45	81	2,190	1%
Residential Treatment Center	-	557	152	0%	-	462	143	0%	-	488	106	0%

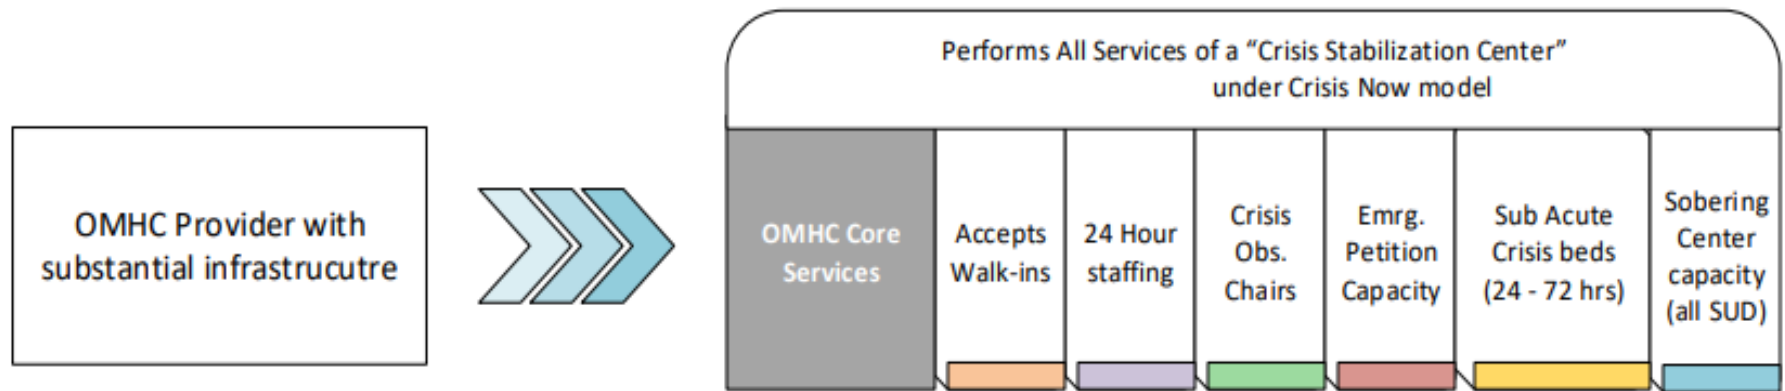

- Well distributed across the state
- Most utilized outpatient provider type (~121K beneficiaries served in FY18)
- Trusted provider of services in communities

Services Provided by OMHCs

Services at OMHC locations include, but are not limited to:

- psychiatric or clinical assessment and evaluation
- individual therapy
- group therapy, family therapy
- family psychoeducation
- medication management
- case management
- referral to community resources

OMHCs to CCSCs: Transformation

- Heterogeneous provider group
- Varying capacity to scale up to provide CCSC services as defined by SAMHSA
- Three modalities for transformation – grant aimed at providers with substantial infrastructure in place

OMHCs - Barriers to CCSC Expansion

- Lack of resources to address regulatory /licensing restrictions
- Lack of data / analytical capacity
- Lack of access to business planning resources
- Lack of resources to pursue additional funds, onboard and train new staff, and expand their physical plant
- Lack of capacity to advocate for - and attain - sustainable reimbursement from payers
- Lack of capacity to create system-level agreements with law enforcement and first responders

Opioid Operational Command Center – Competitive Grant

Overarching Aim:

Improve outcomes among persons in crisis and reduce burden on EDs, first responders, and law enforcement by increasing the capacity of OMHCs to provide CCSC services.

Deliverables

- Environmental Scan – identify pilot barriers
- Data Analysis – evidence base for pilot locations
- Work group of stakeholders
- Business Case Analysis – costs to transition
- Identify sources of funding for pilots
- Draft Pilot RFP

Current Ask

- Data - Currently available / in progress:
 - Medicaid, All-Payer, MIEMSS

Are there opportunities to partner with Law Enforcement?

- Engagement as stakeholders
